

Hannah Ostrea Memorial College Scholarship *For siblings affected by childhood rare disease*

ESSAY CONTEST

The Hannah Ostrea Memorial College Scholarship was created to honor the memory of Little Miss Hannah Ostrea, who lost her battle with an ultra-rare genetic disorder, Gaucher Disease type 2/3, at the age of 3. She lived for only three short years, yet her beautiful smile, intoxicating charm, and her courageous fighting spirit forever captured the hearts of everyone who had the opportunity to get to know her. Even though she was never able to speak a word, her expressions, her laughs, and her eyes could speak volumes.

Each year, the Little Miss Hannah Foundation chooses a minimum of 2 students to receive \$1,000 each, based on scholastic achievement, essay, and community service.

Eligibility:

- Sibling of patient diagnosed with a medically complex rare disease (living or deceased). Age at time of diagnosis for the child must be 17 years or less.
- Rare disease must be listed on www.LittleMissHannah.org/rarediseaselist or undiagnosed (Significant cerebral palsy and epilepsy/seizures are considered 'undiagnosed')
- Applicant must reside in or have graduated from high-school in Clark, Lincoln, or Nye county
- Be enrolled or have been accepted to an accredited two- or four-year college degree program.
- U.S. citizen or a permanent legal resident
- G.P.A. of 2.5 or higher
- Must not have received this scholarship award in the past

Please choose two of the questions and write an essay of 400-750 words on each.:

- Witnessing your sibling and your family living with a rare disease can be difficult. Describe the challenges you've faced in supporting or caring for your sibling, and how you dealt with these challenges.

- How do you think our Southern Nevada community can better support families of children diagnosed with rare diseases? This should include the public, healthcare, and support services.

- Please share your experiences creating awareness and/or raising funds for understanding, research, and treatment for your sibling's rare disease.

Deadline: November 15, 2018
